

Clara sul pianeta dei fiori

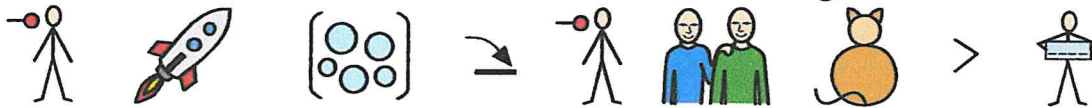

C'era una volta una bambina di nome Clara che amava

viaggiare nello spazio alla scoperta dei vari pianeti con la

sua navicella insieme al suo amico gatto di nome Mio.

Dopo aver visitato Marte, la luna, Venere e Nettuno

decidono di tornare a casa sul pianeta Terra ma, all'improvviso,

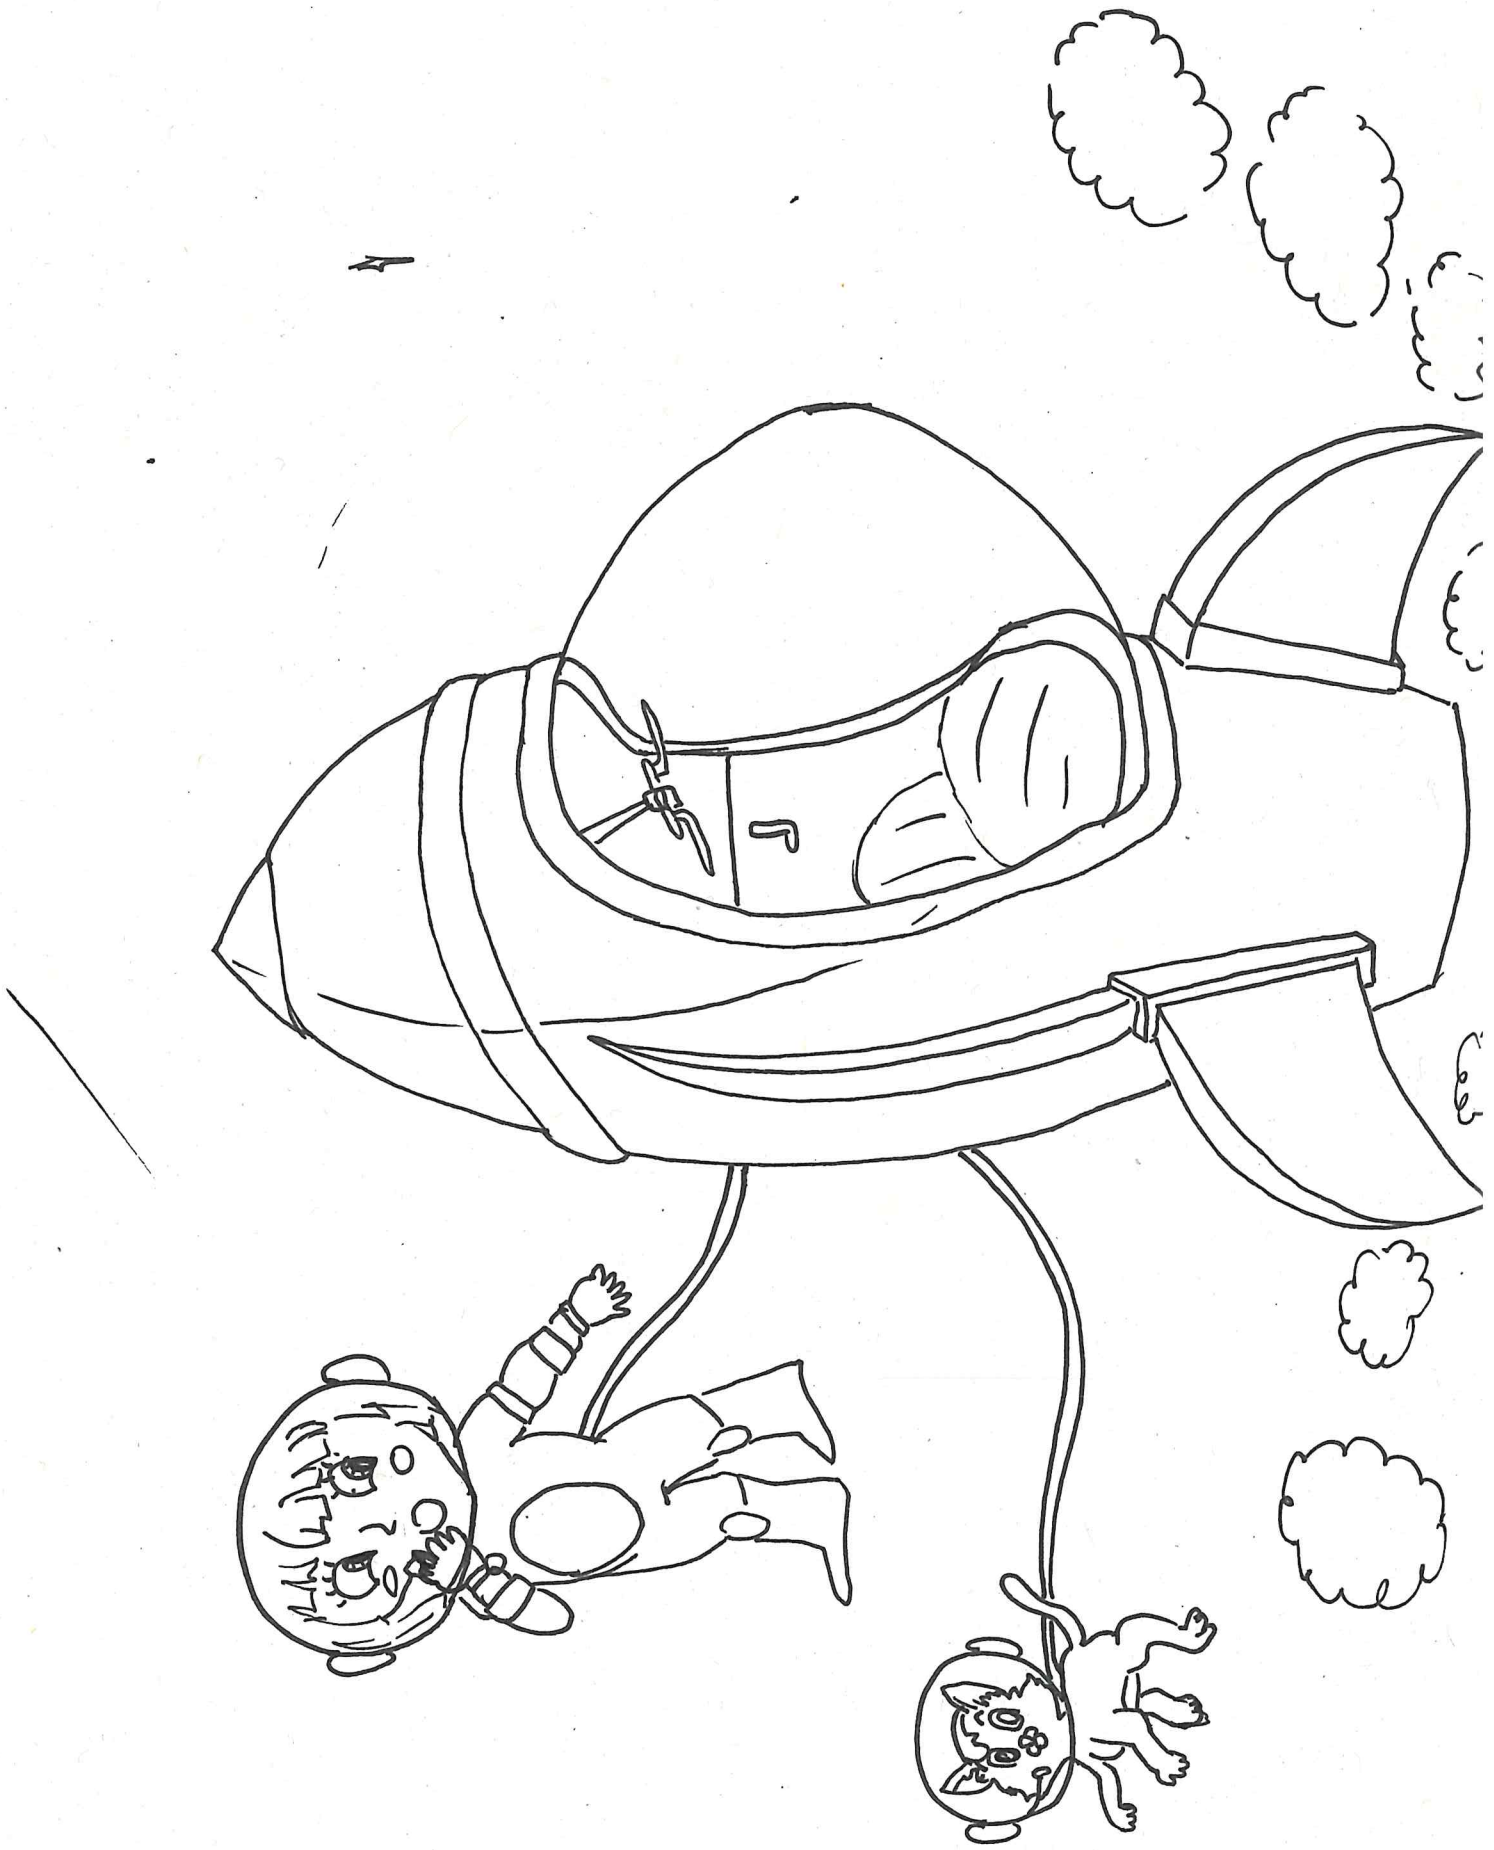

sentono un forte rumore che proviene dalla loro navicella.

Si accorgono di non avere più la benzina e devono

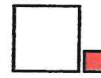

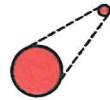

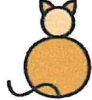

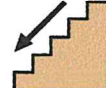

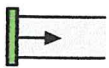

atterrare subito.

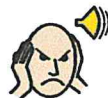

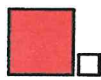

Clara e Mio vedono da lontano un piccolo pianeta. Clara,

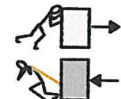

inizia a premere dei pulsanti e la navicella scende

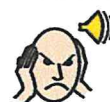

facendo un gran rumore!!!

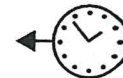

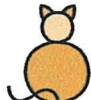

Clara afferra il timone con tutta la forza. Eh...

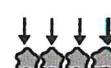

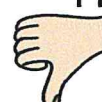

BAM BAM !!!! La navicella atterra rumorosamente sul pianeta.

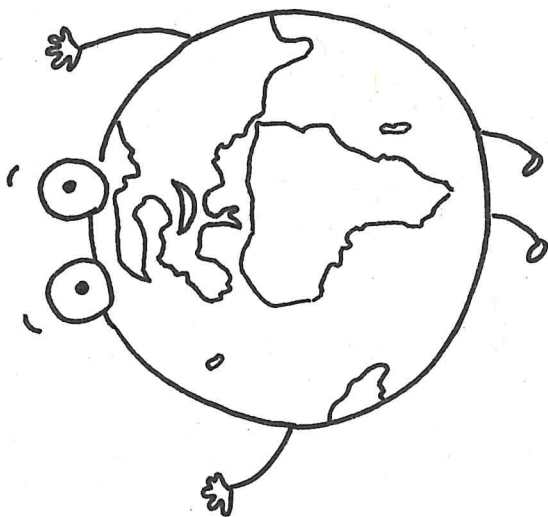

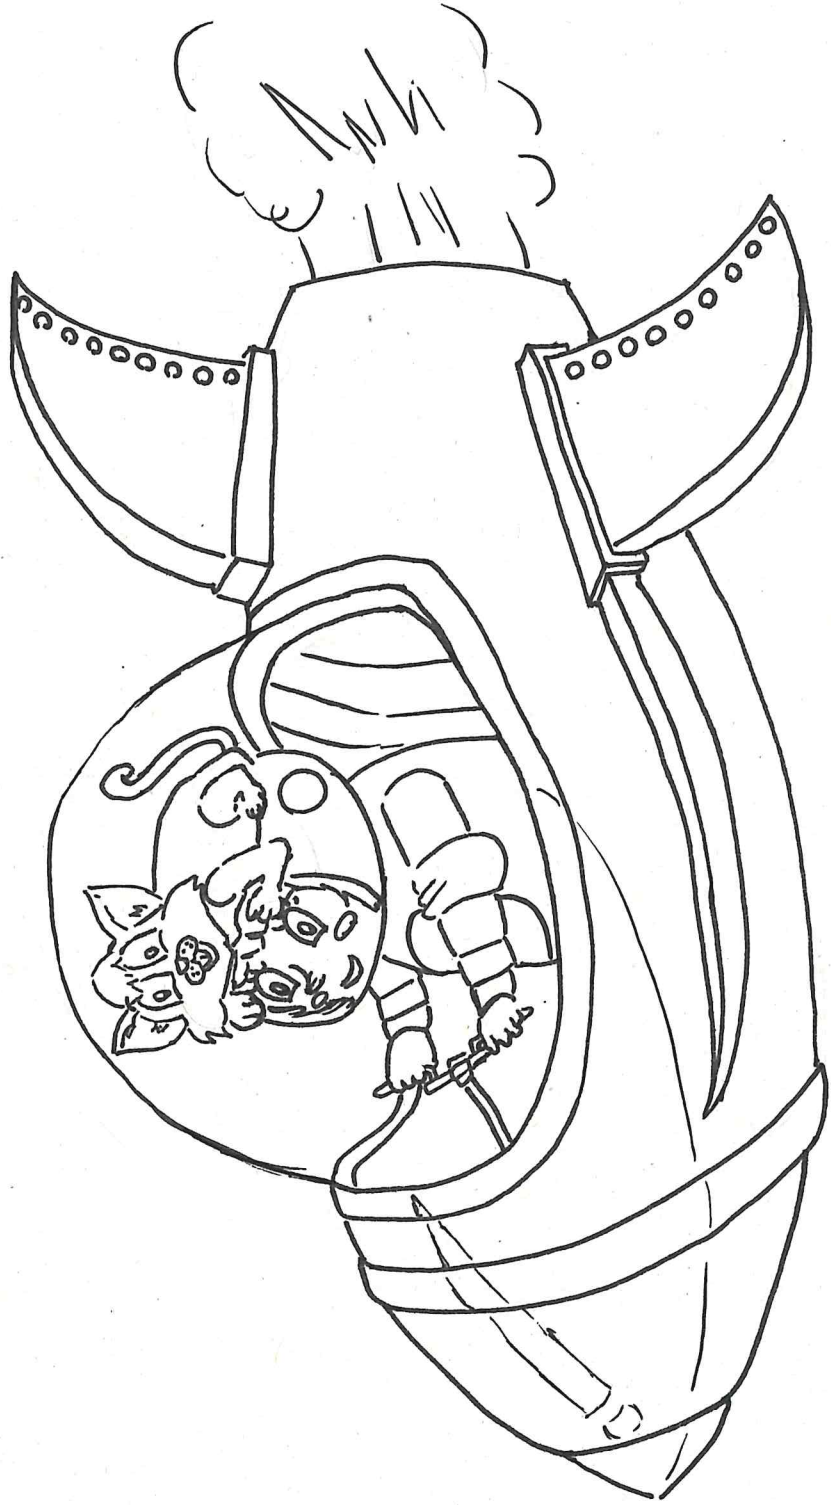

Clara e Mio controllano subito nella navicella se è

rimasta qualche tanica di benzina ma, purtroppo, sono tutte

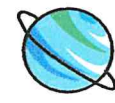

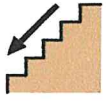

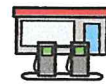

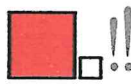

vuote.

Scendono dalla navicella e vedono che sul pianeta ci

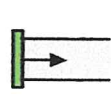

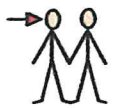

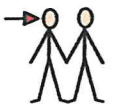

sono dei fiori bellissimi e grandissimi ma nessun distributore

di carburante!

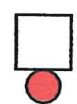

Si avvicina a loro un'ape ed inizia a succhiare il

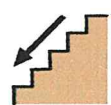

nettare dei fiori e Clara ha un'idea !!!

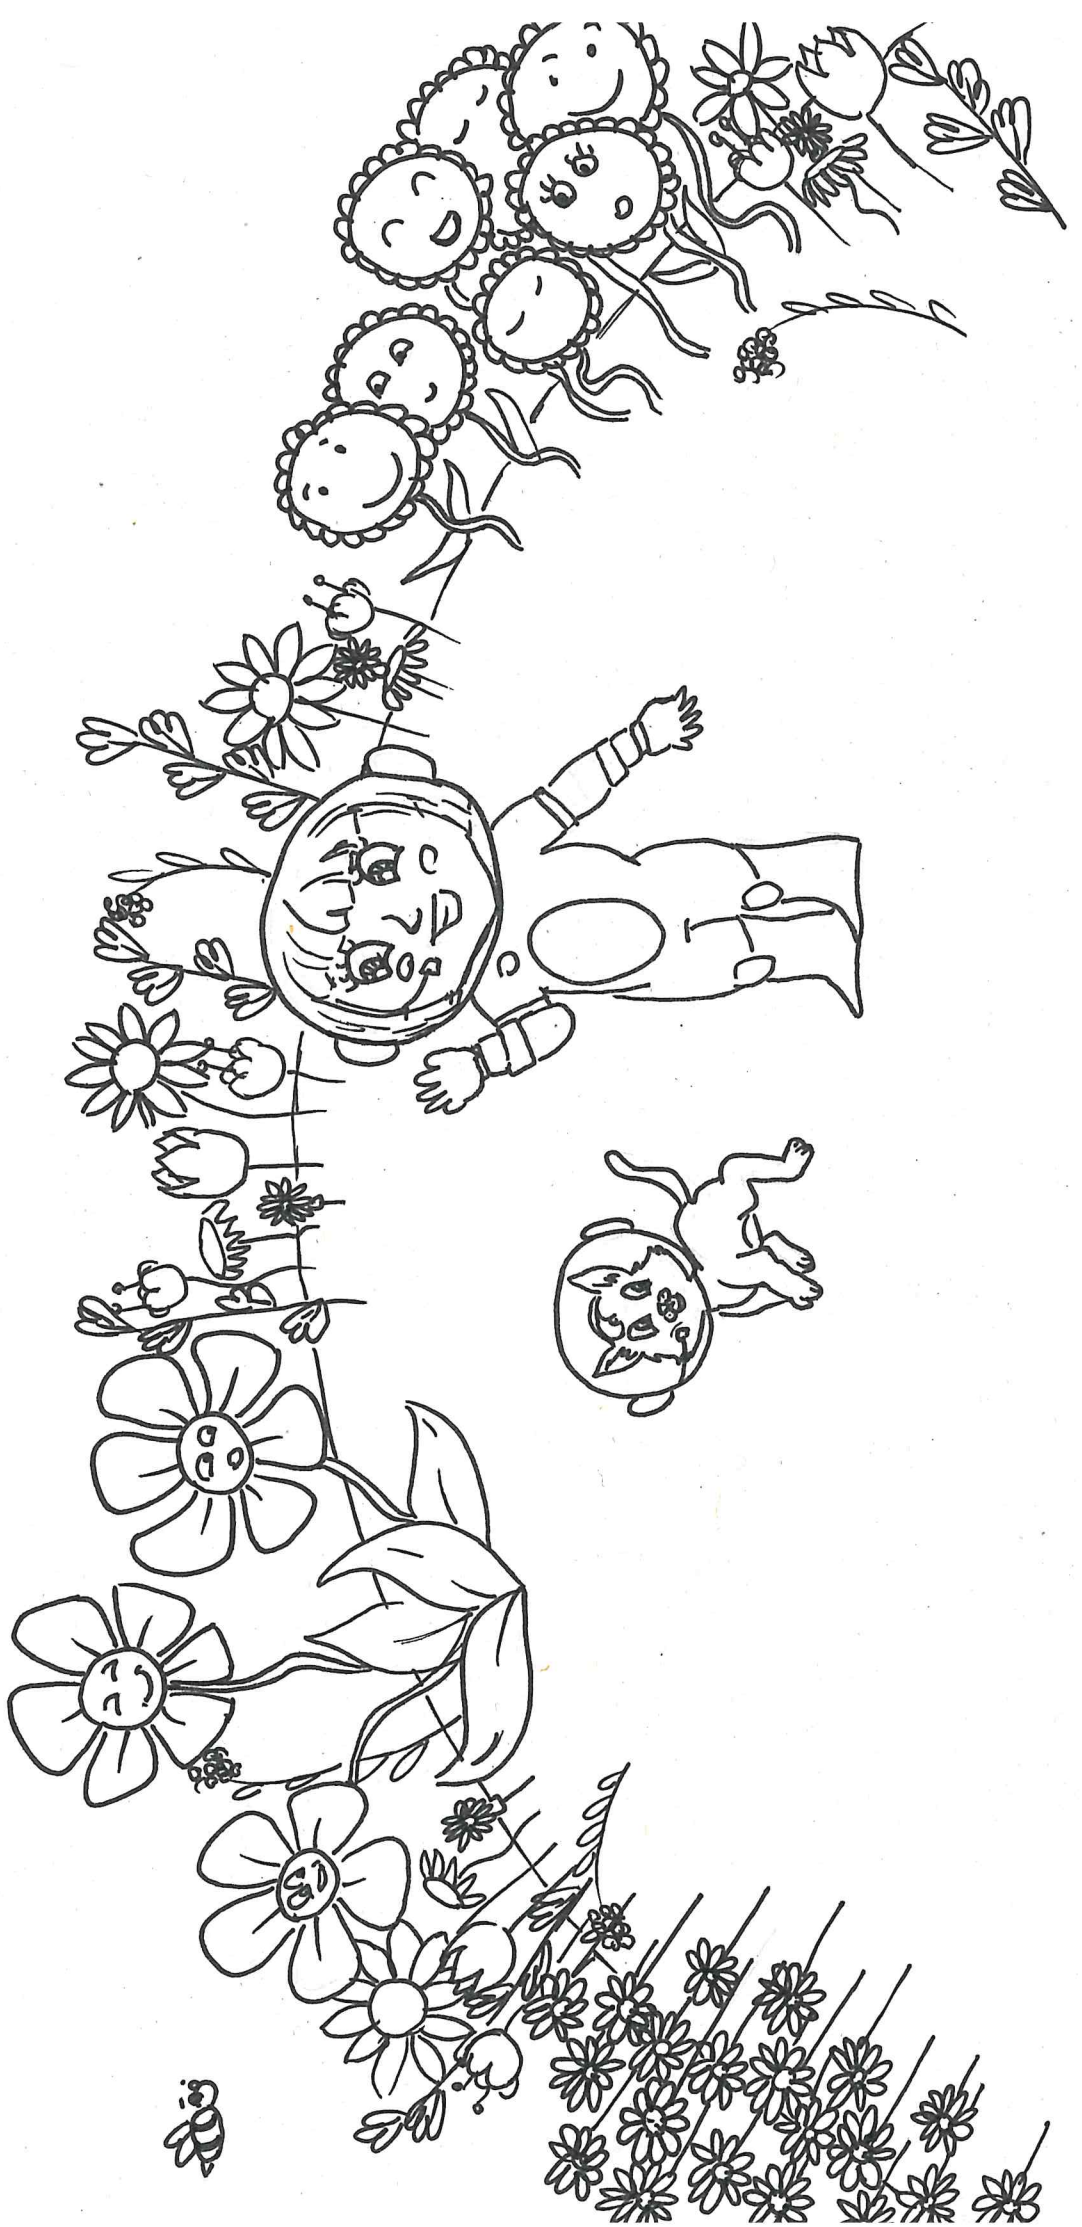

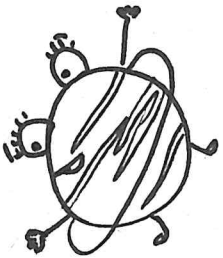

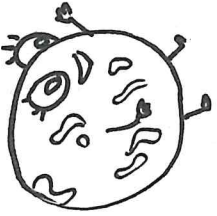

Decide di prendere un bicchiere e lo posa sotto un

fior e dal fior scende un succo blu.

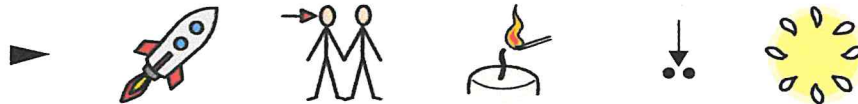

Clara inizia a versare il succo nel serbatoio della

navicella e

BRUM BRUM... la navicella si accende!!! Che bello !!!

Clara e Mio partono velocemente verso casa!!!!
